Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Friday 17 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
West cloudy and damp. Elsewhere dry but fog patches possible.

This Evening and Tonight:
A cloudy night in the west with some patchy rain. Eastern areas staying dry with clear spells, allowing some fog patches to form here during the early hours. Minimum temperature 11 deg C (52 deg F).

Saturday:
A cloudy but dry start for many, though outbreaks of rain continue over Cornwall. Sunny spells and some showers developing in the afternoon, these heavy at times. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:
Wet and cloudy on Sunday, with some organised heavy showers, but brightening from the west later. Long spells of sunshine on Monday, though a few showers possible. Drier on Tuesday.
